Note: Students in grades K-12 who submit timely applications to Cyber Village Academy will be enrolled unless the application number exceeds our school's program, class, grade, level, or building capacity. When capacity is exceeded, students are accepted by lottery according to Minn. Stat. 124D.10, subd.9. We do not limit admission on the basis of intellectual ability, measures of achievement or aptitude, or athletic ability. Student information supplied in the registration process is used by the school to properly place students in classes after students have been admitted and enrolled. Application forms are stored and kept separate from the student information database. **To complete enrollment, the follow-up registration forms (available online or at the CVA front office in July 2021) must also be submitted for each student attending CVA.**
