

Volunteer Information

2018-19

Cyber Village Academy relies on the generosity and support of our volunteers. We strongly encourage each family in the CVA community to contribute 20 hours of service over the school year. Many of these tasks can be shared with your child/children and students can include their CVA volunteer time as part of their community service. Please take this opportunity to get involved in the "Village!"

Please check any areas where you have interest in helping out, sign the form and return to CVA.
