

July 6, 2016

Hello CVA Families,

Whether you are new to CVA or returning, in the Fusion Program or PASCAL, we are very pleased that you have chosen to join the CVA community for the upcoming school year! As always, summer is filled with planning for next year. It's been said that change is the only constant, so here are a few of the changes you can expect to see for 2016-17:

School buses! Sometime this month, our shiny new school buses will arrive. We're pleased and excited to add this transportation option for all K-12 Fusion students. Elsewhere in this packet, there is a form for you to select your transportation option.

Larger enrollment. CVA is continuing its growth! We look forward to opening this fall with over 270 students, over 200 of those in our Fusion program. Thanks to everyone for helping us spread the word about the uniqueness of CVA!

New staff members. All that growth means we need more staff to serve students! We are adding a high school science teacher, another 1.3 FTE special education teacher time, a new lead teacher (Ms. Robyn) and a new assistant director (Nick Rice). With more staff, we'll be able to maintain the great environment and close relationships that we've established.

More rooms. We'll be leasing three additional rooms for the new classrooms and offices we now require. Fourth grade and an elementary special education room will join the K-1 and Grade 2-3 classrooms on the first floor. Our additional HS science teacher will also be on the first floor.

Continuing evolution of our school-wide grading practices and individualized learning plans (ILP). Grades should communicate meaningful information about student learning, and each student's ILP should reflect their progress towards meeting learning goals. We are continuing to refine and enhance how both grades and the ILP's tie to state standards to make it easier for students to gauge their progress.

This packet contains everything that you need to complete the registration process for your child at Cyber Village Academy, including information about new family orientation dates, a school supplies list, a calendar, and all of the forms for registration. Please use the enclosed Registration Checklist to make sure you have completed all necessary forms. These items can be mailed, faxed, or dropped off at CVA. **Please return all forms to Cyber Village Academy by August 5th.**

CyberVillage

A C A D E M Y

Inspiring, challenging, and preparing
students on campus & online

We appreciate your prompt attention to these matters. Especially for students new to CVA, we need all information promptly so that we can proceed with the new family orientation and fully register your student(s), enter them into our systems, provide them with an email address and access to the online classes, and develop school bus routes.

If you have any questions concerning the forms, orientation, or CVA in general, please feel free to call or e-mail the school office at info@cybervillageacademy.org.

We look forward to another successful year at CVA and to working together with you to achieve great things!

Enjoy the rest of your summer and see you on September 6th if not before!

Sincerely,

A handwritten signature in black ink, appearing to read "David Glick".

David Glick
Director

P.S. Back to School Night for new, returning and prospective families is Tuesday, August 30 from 6:30-8:00 pm! Mark your calendars!
